

The Right Connection®

Dixon Sanitary Now Offers

*Burkert Type 8692 Positioners on B5101-Series
Butterfly Valves with a VC-Series Canister Actuator*

Features:

- Setup is simple using the Autotune feature for position calibration.
- Position feedback is achieved using a 4-20 mA signal that allows the valve to be accurately controlled enabling proper product flow and pressure regulation.
- Brings positioning capability to B5101-Series butterfly valves using VC series actuators.
- Positioner uses multi-burst solenoids and sensors for positioning accuracy.
- On-board digital user interface allows valve control at point of use and remotely.
- Can be used on spring return and double acting actuators.
- Multi-pin connectors are standard for easy Plug & Play operation.
- IP65/67/NEMA 4X washdown rating.
- Optional communication interfaces include AS-I, Profibus, and DeviceNet.

Sizes:

- for valve sizes ½" to 4"
